UNITED STATES DISTRICT COURT  
SOUTHERN DISTRICT OF NEW YORK

-----x  
CENTRAMET TRADING S.A.,

Plaintiff,

-against-

07 CIV 6379 (RMB)

**DECLARATION OF  
ENG. KAMAL BESHAY**

EGYPTIAN AMERICAN STEEL ROLLING  
COMPANY,

Defendant.

-----x

Eng. Kamal Beshay, pursuant to Section 1746 of Title 28 of the United States Code, hereby declares and says the following under penalty of perjury:

1. I, Eng. Kamal Beshay, am the Chairman of Egyptian American Steel Rolling Company ("EASROC"), the Defendant in this action. I submit this Declaration in support of EASROC's motion to vacate the Rule B Attachment of EASROC's funds or, in the alternative, to reduce the quantum of security permitted to be held by Plaintiff Centramet Trading S.A. ("CENTRAMET").

2. Insofar as the contents of this Declaration are within my own knowledge, they are true. Insofar as the contents of this Declaration are not within my own direct knowledge, they are true to the best of my information and belief.

3. In June, 2006, EASROC entered into a contract to purchase 20,000 metric tons (plus or minus 10% in seller's option) of steel scrap from non-party seller GST Commodities Trading Company ("GST").

4. There are at least three different versions of the sale and purchase contract between seller GST and buyer EASROC, each unilaterally signed. Copies of the three versions of the contract are annexed hereto as Exhibits 1-3, respectively.

5. Notwithstanding their differences (which involve the arbitration provision which is not relevant to the matter presently before the Court), the contracts each contain provisions regarding the quantity, quality, size, thickness and price for the scrap steel. Each version of the contract also provides for multiple shipments, the date for the first shipment, identifies the originating country of the scrap steel as Russia and destination as Egypt, and provides that payment for the cargo would be made against a Letter of Credit ("L/C"). Likewise, each version of the contract provides for the rate at which the cargo was to be discharged from the ship which would carry it to Egypt.

6. Attached hereto as Exhibit 4 is a copy of the L/C which EASROC opened at Arab African International Bank ("AAIB") in favor of GST. The name Beshay Steel appears on Exhibit 4. Beshay Steel is a trade name by which EASROC sometimes is known as the family which owns EASROC is the Beshay family. Any reference to Beshay Steel is indeed a reference to EASROC.

7. Attached hereto as Exhibits 5-7 are GST's comments in respect of the L/C wording, EASROC's agreement to GST's requested amendments, and AAIB's acknowledgement of those changes, respectively.

8. As the sales contract was under CIF FO terms (cost, insurance and freight, free out), GST was obligated to arrange to transport the scrap steel from Russia to Egypt. GST apparently arranged for a closely related company, CENTRAMET, to transport the

cargo. CENTRAMET, in turn, apparently arranged to voyage charter a vessel to perform the carriage.

9. On July 13, 2006, GST wrote to Alpha Egypt, the agents representing both CENTRAMET and GST in Egypt, to advise that the vessel OCEAN BEAUTY, which had been previously agreed as the vessel to carry the first shipment under the sales contract at a demurrage rate of \$1,500 per day pro rata Fridays, Saturdays and holidays excluded even if used ("FSHEX EIU"), was no longer available. GST offered as an alternative the M/V MERVE A and proposed a discharge rate of 1,000 metric tons per weather working day with a demurrage rate of \$5,000 per day pro rata. EASROC, under the trade name Beshay Steel, responded with a counter-offer of a demurrage rate of \$1,500 per day pro rata FSHEX EIU and a discharge rate of 750 MT per weather working day. (See Exhibit 8). Neither GST nor CENTRAMET communicated further with EASROC on the subject of demurrage or discharge rate thereafter.

10. The scrap steel was subsequently loaded aboard the MERVE A at Novorossisk, Russia and the master of the vessel issued three bills of lading dated July 29, 2006 confirming a total of 9,274 metric tons of scrap cargo had been loaded "clean on board". Copies of the bills of lading are attached hereto as Exhibits 9-11 .

11. The MERVE A arrived at the Port of Alexandria, Egypt on August 7, 2006. Cargo discharge operations commenced at 0430 hours on August 8, 2006 and continued until August 9, 2006 at 1815 hours when the Master ordered discharging stopped allegedly due to the failure of EASROC to present the original bills of lading. (See Statement of Facts prepared by Matina Shipping Agencies, the vessel's agent at Alexandria, Egypt, attached as Exhibit 12.)

12. The Master's refusal to continue discharge was wrongful in that prior to the vessel's arrival at Egypt, GST and EASROC had agreed the cargo could be discharged without presentation of the original bills of lading. Attached as Exhibit 13 is a telefax dated August 2, 2006 in which GST wrote to the agent of the vessel in Istanbul, Active Marine, advising that the cargo could be delivered even in the absence of original bills of lading against a Letter of Guarantee issued by the L/C issuing bank (AAIB) in case of delay of the original documents. Attached as Exhibit 14 is a copy of the AAIB Guarantee which had been provided to GST via the agent of vessel at Alexandria on August 3, 2006.

13. After the initial portion of the cargo was discharged, a survey was conducted and the scrap steel was found to be substantially off-specification in violation of the terms of the sales and purchase agreement. In particular, the cargo was found to contain non-compliant dimensions and to be mixed with substantial quantities of slag and impurities (rocks, concrete, rubber, bales, etc.) among other defects. EASROC wrote to GST on August 8, 2006 (copy attached as Exhibit 15) to complain about the non-compliant nature of the steel scrap and advised that EASROC would not accept any further shipments under the sales contract until the quality problem was resolved. EASROC invited a representative of GST to come to Egypt to inspect the goods and find a solution to the problem.

14. Mr. Peter Terebov, the Director of GST (and also the Director of CENTRAMET) came to Egypt shortly thereafter, and jointly with Mr. Issa of Alpha Egypt, inspected the scrap steel, and agreed it was non-compliant with the sales contract terms.

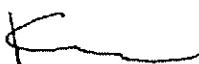

15. On August 16, 2006, GST wrote to EASROC (Exhibit 16 attached) proposing a substantial discount on the sales price of the scrap steel and to cancel the rest of the contract and L/C as a "final settlement and solution". This settlement included the release of any obligation under the sales contract on the part of EASROC.

16. As requested by GST, EASROC thereafter instructed AAIB to send a message to GST's bank to accept the discrepancies and discount in the sales price. The exchange of documents through the banks was affected and AAIB confirmed on August 30, 2006 that all was in order and payment was to be made to GST's bank.

17. Acknowledging that the delay in discharging the scrap steel stemmed from the non-compliance with the sales contract terms, on August 16, 2006 GST confirmed in writing that GST agreed all time lost due to clarification of the quality claim would be for its account. In response to its agent's request that GST confirm agreement to a further 9 days of free time to discharge the scrap after the documents were provided to the bank, GST again confirmed in an August 22, 2006 return e-mail to Alpha Egypt that all time lost was for GST's account, thereby reconfirming the settlement was full and final, including any claim for demurrage. (See Exhibits 16 and 17 attached.)

18. I understand that GST claims it thereafter assigned its rights to recover demurrage allegedly due under the sales contract to CENTRAMET. I further understand that CENTRAMET has claimed that it is entitled to recover \$276,228.75 for demurrage allegedly due as a result of the delays in discharge at Alexandria.

19. At no time from the completion of discharge on September 30, 2006 until today has either GST or CENTRAMET presented a laytime calculation or made a

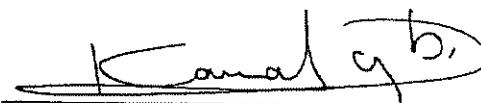

demand to EASROC to pay demurrage. Certainly if either company had made such a demand, we would have responded thereby avoiding the legal proceedings in New York.

20. As of this date EASROC has not received any demand for arbitration by either GST or Centramet respecting the claim for demurrage.

21. I am aware that Centramet have provided through their lawyers in London and New York certain communications related to this transaction which do not exist in our company files, and we know for a fact to have been forged. These are the e-mail alleged to be dated 12 July 2006 from Mr. Petr Terebov of GST/Centramet to Alpha Egypt, which falsely states that the vessel MERVE A was offered by GST at a demurrage rate of \$7500. (Exhibit 18 hereto.) GST/Centramet also forged the hand written comments in response thereto on the same document, which purports that we counter offered the rate to be \$7000. The e-mail and the hand written comments of our company are both forged and appears to have been copied from another document. Also the forged contract amendment allegedly dated 1 September 2006 (Exhibit 19) carries a stamp and initial of our company copied and pasted from another document. Last but not least is the sales contract which GST falsely allege was contemporaneously signed by both parties, which in fact was never signed by GST at the time of the negotiations but was returned to us in revised terms as per Exhibits 1 -3. The version of the contract attached as Exhibit 3 was also never countersigned from our side.

I declare, under penalty of perjury of the laws of the United States of America, that the foregoing is true and correct.

Dated: 31 August 2007 Egypt  
31 August 2007

  
Eng. Kamal Beshay

Nader,

Please find below my comments for LC:

- 44A. please correct 'port' instead of 'seaport'. Most of our small ports are officially river ports.✓
- ✗ Please make tolerance 10% as it was agreed.
- Insurance certificate. Needless to have cover with clause A for scrap. Our main policy covers clause C which is more than enough for our kind of cargo.
- Certificate of Origin. Please delete 'certified by any chamber of commerce'✓
- Document #5. Please delete whole clause

### Conditions of Carriage

- (1) All terms and conditions, liberties and exceptions of the Charter Party, dated as overleaf, including the Law and Arbitration Clause, are herewith incorporated.
- (2) General Paramount Clause.
  - (a) The Hague Rules contained in the International Convention for the Unification of certain rules relating to Bills of Lading, dated Brussels the 25th August 1924 as enacted in the country of shipment, shall apply to this Bill of Lading. When no such enactment is in force in the country of shipment, the corresponding legislation of the country of destination shall apply, but in respect of shipments to which no such enactments are compulsorily applicable, the terms of the said Convention shall apply.
  - (b) *Trades where Hague-Visby Rules apply.*  
 In trades where the International Brussels Convention 1924 as amended by the Protocol signed at Brussels on February 23rd 1968 - the Hague-Visby Rules - apply compulsorily, the provisions of the respective legislation shall apply to this Bill of Lading.
  - (c) The Carrier shall in no case be responsible for loss of or damage to the cargo, howsoever arising prior to loading into and after discharge from the Vessel or while the cargo is in the charge of another Carrier, nor in respect of deck cargo or live animals.
- (3) General Average.  
 General Average shall be adjusted, stated and settled according to York-Antwerp Rules 1994, or any subsequent modification thereof, in London unless another place is agreed in the Charter Party.  
 Cargo's contribution to General Average shall be paid in the Carrier even when such average is the result of a fault, neglect or error of the Master, Pilot or Crew. The Charterers, Shippers and Consignees expressly renounce the Belgian Commercial Code, Part II, Art. 148.
- (4) New Jason Clause.  
 In the event of accident, danger, damage or disaster before or after the commencement of the voyage, resulting from any cause whatsoever, whether due to negligence or not, for which or for the consequence of which, the Carrier is not responsible, by statute, contract or otherwise, the cargo, shippers, consignees or the owners of the cargo shall contribute with the Carrier in General Average to the payment of any sacrifices, losses or expenses of a General Average nature that may be made or incurred and shall pay salvage and special charges incurred in respect of the cargo.  
 If a salving vessel is owned or operated by the Carrier, salvage shall be paid for as fully as if the said salving vessel or vessel belonged to strangers. Such deposit as the Carrier, or his agents, may deem sufficient to cover the estimated contribution of the goods and any salvage and special charges thereon shall, if required, be made by the cargo, shippers, consignees or owners of the goods to the Carrier before delivery.
- (5) Both-to-Blame Collision Clause.  
 If the Vessel comes into collision with another vessel as a result of the negligence of the other vessel and any act, neglect or default of the Master, Mariner, Pilot or the servants of the Carrier in the navigation or in the management of the Vessel, the owners of the cargo carried hereunder will indemnify the Carrier against all loss or liability in the other or non-carrying vessel or her owners in so far as such loss or liability represents loss of, or damage to, or any claim whatsoever of the owners of said cargo, paid or payable by the other or non-carrying vessel or her owners to the owners of said cargo and set-off, recouped or recovered by the other or non-carrying vessel or her owners as part of their claim against the carrying Vessel or the Carrier. The foregoing provisions shall also apply where the owners, operators or those in charge of any vessel or vessels or objects other than, or in addition to, the colliding vessels or objects are at fault in respect of a collision or contact.

For particulars of cargo, freight,  
 destination, etc., see overleaf.

Non compliance of goods shipped in first shipment under Contract no.  
GB001 (20,000MT) on MV MERVE (9,274 MT)  
Letter of credit number HEL610/06.

Dear Sir,

With reference to the above mentioned subject, the said goods arrived at Alexandria port on 6 August 2006, and were inspected by SGS (on board) who confirmed that the goods were not compliant as they were found to contain the following:

- Non compliant dimensions of steel scrap
- Slag
- Impurities.
- Compressed bales.
- Rubber

The above stated Contract as well as the letter of credit terms does not allow such deviations. As a result we ask you strongly to immediately come to Egypt in order to inspect the goods, and find a solution.

We hereby inform you that we will not accept any further shipments under this Contract/ letter of credit until the said problem is resolved, and our representatives are permitted to attend loading and draft surveys of the remaining quantity.

We ask you kindly to address this matter with urgency and reply by return confirming your arrival date.

Re: m/v Merue A

Dear Sirs,

With reference to our several discussions related to the quality of steel scrap shipped on the above mentioned vessel, being not conforming to the signed contract and the quality mentioned in the above mentioned L/C. And after checking it in the port of Alexandria, we agree to make a discount of \$ 15/MT on the price of the above mentioned L/C for the total shipped quantity on the board m/v Merue A (Bill of Lading #1,2,3; total quantity 9'274,897 mts) and to cancel the rest of the above L/C and contract as a final settlement and solution.

Please immediately instruct your bank to send the swift/telex message to our bank to accept the discrepancies (some documents show the description of goods) after deducting \$ 15 per ton.

Best regards,  
GST Commodities Trading Co.

Nader,

We will try to manage swift as you have mentioned but we I don't understand how owner can send such message to agent.

We are liable in front of ship-owner as charterer and we are the only one who can blame Beshay for demurrage. As you know we have already sent fax to you and Beshay confirming that all time lost will be on our account.  
What else?

Regards,

Petr

**Subject:** Re: SWIFT

Dear Denis,

Referring to your attached swift received today, please note that this is not like what has been agreed.

The following is required:

- Please instruct your bank to re-write the swift to AAIB saying: "DUE TO NON-CONFORMITY AND HIGH PERCENTAGE OF IMPURITY (SLAG, CONCRETE, DUST) OF THE SHIPPED QUANTITY COMPARED TO THE QUALITY MENTIONED IN THE CONTRACT NO. GB001 AND THIS L/C, BENEFICIARY OFFERS A DISCOUNT OF USD 15,00 P/MT.....CONSIDER REMAINING BALANCE AS NON UTILIZED BY BENEFICIARIES".
- To mention in the same swift that:" BENEFICIARY ACCEPT TO HOLD THE AMOUNT OF USD 100.000,- WHICH WILL BE PAID AGAINST PRESENTATION OF THE FOLLOWING DOCUMENTS:

A) FINAL COMMERCIAL INVOICE FOR BALANCE OF CARGO VALUE SHOWING THE WEIGHT AS PER THE FINAL DRAFT SURVEY REPORT CONDUCTED AT DISCHARGING PORT. (DIFFERENCE BETWEEN B/L WEIGHT AND FINAL DRAFT SURVEY TO BE DEDUCTED FROM THE HELD AMOUNT OF USD 100.000,-).

B) COPY OF THE DRAFT SURVEY REPORT FOR SURVEY PERFORMED AT DISCHARGE PORT CONDUCTED AND ISSUED BY INSPECTORATE INTERNATIONAL.

- After your bank sends this swift, the owner of MV Merve send a message to the maritime agent in alexandria MATINA SHIPPING AGENCY confirming that he gives him 9 days to resume discharging free from any demurrage for all the time lost till the day they resume discharging, starting from the day they re-start discharging.

Please try to arrange that your bank sends this swift tomorrow.
